# VITRUVIUS PROJECT

## EMPLOYMENT OPPORTUNITY

### SOFTWARE ENGINEER

*The Vitruvius Project, Inc. has an immediate opening for Software Engineers in our Bend, OR office. We are a tech startup focused on engineering software for the residential and light commercial industry. You will work closely with managers, engineers, and customers in all 50 states as well as multiple countries, to build, test, and deploy products that change the way engineers work in the 21st century.*

*We offer a flexible work environment, potential for big rewards, and an outstanding opportunity for personal and professional growth. All this while getting to enjoy the benefits of the Central Oregon lifestyle.*

*We prefer local applications, as the successful candidate must live, or be able to relocate to the area, within an accepted timeframe, and be committed to a long-term position. The candidate must also have a strong desire to be a part of a startup atmosphere and business that is fun-filled, life and family oriented, team based, where every team member is essential to the success of the company.*

*The successful candidate will be able to demonstrate the ability to work in an agile team environment and own product functionality throughout the entire SDLC.*

*Education- 2-year degree in computer science or related field, preferred B.S. or equivalent experience*

---

### REQUIRED SKILLS

- Microsoft Visual Studio and .NET programming languages such as VB and C# and client/server communications in distributed applications
- Ability to follow business specifications to complete product designs

### REQUIREMENTS

- Experience in Quality Assurance and or Customer Support
- Cloud based integrations such as AWS or Azure
- MEAN stack technologies Javascript, Angular, React, Node.js, NoSQL databases, Linux servers
- Mobile development for iOS and Android
- Git source control

### REQUIREMENTS

- Live in, or be willing to relocate to Central Oregon

### COMPENSATION

- D.O.E.
- PTO and Holidays
- Profit sharing after first year of employment
- Potential relocation assistance
- Potential Healthcare Reimbursement and 401k
- Flexible work environment and hours
- This position does not include medical benefits at this time, but salary offered will take into consideration the need for private insurance

---

### WHAT MATTERS

We are not your typical engineering firm. If you want to do site inspections, wear slacks, and crunch numbers, while your managers play golf with clients, this will not be a good fit for you. We can be found working 12 hour days, or taking the day off up at the mountain if there is 12" of powder, rafting the river if it's 100 degrees, enjoying the local brewery scene, or spending the last Friday of every month generally getting nothing done but team bonding.

The Vitruvius Project, Inc. is an Equal Opportunity and Affirmative Action Employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability, or veteran status. Please [careers@thevitruviusproject.com](mailto:careers@thevitruviusproject.com) with resume, cover letter, and references.
